Associate's Degree

A.A.S. in Dental Assisting

Ivy Tech Community College of Indiana [Show 5 Locations](#)

The Dental Assisting program at Ivy Tech is taught by instructors who have all worked as dental assistants in the field. Students will get to study in a state-of-the-art facility learning a variety of skills involving radiography, dental materials, infection control, chairside, and general dentistry as well as dental specialties. For more information about dental assisting, visit the American Dental Assistant's Association website. The Dental

Assisting program is a selective admission program. When you apply to the college, you would be accepted into the Healthcare Specialist program with a concentration in Dental Assisting while you complete the prerequisite requirements. The Dental Assisting program accepts a limited number of students each year and there is a separate application process.

Associate's Degree

A.A.S. in Diagnostic Medical Sonography

Ivy Tech Community College of Indiana [Show 5 Locations](#)

The Diagnostic Medical Sonography (DMSI) Program offers degrees in sonography with three different concentration pathways – cardiac, vascular, and general. A sonographer plays a role in the non-invasive diagnostics process through the use of creating images from ultrasonic imaging devices. The sonographer typically prepares patients, explains the exam process, performs the procedures, and reports the findings to the patient or physician. Diagnostic Medical Sonography graduates can work in suburban and rural hospitals, physicians' offices, clinics, federal and state health agencies, and certain educational institutions. The

positioning, protection, physics, patient care and ethics. Clinical practice and supplemental instruction are provided in accredited hospitals and clinics. Upon completion of the ultrasound program requirements, graduates are registry eligible and must have worked for 12 months to take the National Registry Examination. The Diagnostic Medical Sonography program is a selective admission program. When you apply to the College, you will be accepted into Healthcare Specialist with a concentration in Diagnostic Medical Sonography while you complete the prerequisite requirements. The program accepts a limited number of

About this Credential

Students in the Healthcare Specialist program are able to study a wide variety of certification options, including Dementia Care, Phlebotomy, Personal Training, Pharmacy Technician, and more! The Healthcare Specialist program is also where students who would like to apply for one of the selective programs get started, and get a great foundation in the healthcare industry. Students in this program receive individualized instruction and advising, and individual attention is given to students who are struggling, which make Ivy Tech a well-respected provider of healthcare workers in the community.

Credential Engine: Discussion Questions

1. How can educators better address what employers need? Is Credential Engine a way to bridge the gap? If so, how?
2. How can employers better signal their workforce needs? Is Credential Engine a way to do this?
3. How can the information pipeline be improved? How can students get interested in this? Could Credential Engine help in this regard? If so, how?
