"While in the faculty office hallway one gentleman stepped off the elevator holding my poster ... he asked if I had permission to place these in the building. I laughed and left his office without replying. Fuck no I don't have permission; what would be the fun in that?" (pg. 10-11)

“If you are reading this online I must have passed, somehow. Really though, what this entire endeavor proves is that I developed as an artist. Despite my loathing of the art school as an institution ” (David Woolf, May 2014. *I Called my Thesis this* pg. 36.)
