

EVALUATION OF WATER SORPTION AND SOLUBILITY BEHAVIOR OF NINE
DIFFERENT POLYMERIC LUTING MATERIALS

by

Rasha N. Alsheikh

Submitted to the Graduate Faculty of the School of
Dentistry in partial fulfillment of the requirements
for the degree of Master of Science in Dentistry,
Indiana University School of Dentistry,
September 2009.

This thesis accepted by the faculty of the Department of Restorative Dentistry, Indiana University School of Dentistry, in partial fulfillment of the requirements for the degree of Master of Science in Dentistry.

DEDICATION

This thesis is dedicated to my family, for all the support they gave me, especially my father and my husband, for always believing in me, and for making me push over my limits.

ACKNOWLEDGMENTS

I must begin by expressing my appreciation to the Royal Government of Saudi Arabia for giving me the chance to further my education and pursue post-graduate training.

I would like to thank the Department of Dental Materials for coping with my needs and with me. Meoghan, you have been a great help.

To my friends, thank you.

TABLE OF CONTENTS

| | |
|------------------------------|----|
| Introduction..... | 1 |
| Review of Literature..... | 4 |
| Materials and Methods..... | 16 |
| Results..... | 20 |
| Tables and Figures..... | 24 |
| Discussion..... | 47 |
| Summary and Conclusions..... | 56 |
| References..... | 58 |
| Abstract..... | 67 |
| Appendix..... | 70 |
| Curriculum Vitae | |

LIST OF ILLUSTRATIONS

| | | |
|-------------|--|----|
| TABLE I | Properties of different luting agents..... | 27 |
| TABLE II | List of the materials tested..... | 28 |
| TABLE III | Manufacturers' instructions..... | 29 |
| TABLE IV | Outliers..... | 30 |
| TABLE V | Water sorption by time, agent..... | 31 |
| TABLE VI | Water sorption by agent, time..... | 32 |
| TABLE VII | Class level information..... | 33 |
| TABLE VIII | Number of observations..... | 33 |
| TABLE IX | ANOVA table for water sorption..... | 33 |
| TABLE X | Model summary – water sorption..... | 33 |
| TABLE XI | Comparison of the means for water sorption..... | 33 |
| TABLE XII | Details for luting agent comparisons – water sorption..... | 34 |
| TABLE XIII | Comparison of the means for time period..... | 34 |
| TABLE XIV | Details for time period comparison – water sorption..... | 34 |
| TABLE XV | Water sorption comparison within agents..... | 35 |
| TABLE XVI | Water sorption comparison within period..... | 36 |
| TABLE XVII | Water solubility by time, agent..... | 37 |
| TABLE XVIII | Water solubility by agent, time..... | 38 |
| TABLE XIX | Class level information..... | 39 |
| TABLE XX | Number of observations..... | 39 |

| | | |
