12. Burney’s undergraduate degree from Indiana University is usually presented as B.S. in news articles, but in Burney’s Senate Nomination Hearing, 28 Jan 1957, he testified that: “I have a degree of bachelor of arts from Indiana University…” However, the biographical sketch introduced into the Senate record (p 7-8) lists his degree as “B.S. degree, 1928.” (U.S. Senate Hearing Before The Committee On Labor And Public Welfare United States Senate, Eighty-Fifth Congress; First Session on Leroy E. Burney To Be Surgeon General, Public Health Service. 28 January 1957. U.S. Government Printing Office, Washington: 1957, p 6) Indiana University Archives confirmed on 7 April 2003 (Dina Kellams, Archivist) that Burney’s degree was the bachelor of science.

Public Health Service

1. Mullan, F. Dr. Leroy E. Burney. Interview. pp 28. 17 Oct 1988. Interview deposited in the Commissioned Corps Centennial Archive at the History of Medicine Division, National Library of Medicine, Bethesda, Maryland
4. Dr. Leroy E. Burney. Biographical Sketch, October 1954. Deposited in the Indiana University Archives, Herman B. Wells Archives, Bloomington, Indiana. The author of this biographical sketch is unknown but it was likely prepared by staff at the Indiana State Board of Health and submitted as background information to Herman B. Wells, President of Indiana University, on the occasion of Burney’s receiving an honorary Doctor of Science degree in 1959
