THREAT ANALYSIS
A trailer park in Van Buren, IN (near Bloomington) was destroyed by a possible tornado last night. Initial reports were that a Mass Casualty Incident (MCI) had occurred, with an unknown number of injuries and missing residents. Staging and triage areas were established, but thankfully only 6 people sustained non-life threatening injuries.

ACTION STEPS
Review plans for dealing with MCI's at your facility
[1] Review and revise your MCI plans.
[3] Prepare a “go-bag” of triage and initial treatment supplies.

INDY EVENTS
The following events have an expected attendance of at least 500 people. Mass gatherings are of concern to the healthcare sector for multiple reasons, including being potential mass casualty incidents as the result of natural or man-made hazards, and also provide venues for transmission of communicable diseases.
